**IMPLICATIONS UNDER THE LISTING RULES**

As at the date of this announcement, Mr. Zhang, the chairman and an executive Director, through a wholly owned subsidiary owns the entire issued share capital of Seedland. Accordingly, Seedland is regarded as a connected person of the Company under Chapter 14A of the Listing Rules.

Given that Guangzhou Weaving will become an indirectly wholly-owned subsidiary of the Company, it is expected that the transactions which will be entered into between Guangzhou Weaving and Seedland upon or after completion of the Acquisition Agreement will constitute continuing connected transactions for the Company under Chapter 14A of the Listing Rules.

As the applicable percentage ratios in respect of the transaction under the Construction Services Framework Agreement exceed 0.1% but are less than 5%, the transaction is only subject to reporting, annual review and announcement requirements but are exempt from the circular and independent shareholders' approval requirement under Chapter 14A of the Listing Rules.

## **BACKGROUND**

Reference is made to the announcement of the Company dated 5 March 2019 in relation to, among others, the Acquisition. ## **THE CONSTRUCTION SERVICES FRAMEWORK AGREEMENT**

Pursuant to the Construction Services Framework Agreement, Guangzhou Weaving shall provide Seedland with certain communication construction services, including but not limited to broadband infrastructure construction services for residential properties and projects, integrated solutions for smart community projects covering both hardware for security and identification purposes and software for residence management and community services, and Guangzhou Weaving shall receive construction service fees in return.

Either party, during the continuance of the Construction Services Framework Agreement, may terminate by giving the other party not less than six (6) months' prior written notice. Such written notice of termination shall take effect on the date on which it is received by the receiving party.

Should the services under the Construction Services Framework Agreement cannot be fulfilled due to force majeure, the Construction Services Framework Agreement may be terminated in advance by the mutual agreement of both parties.

### **Annual caps**

Pursuant to Rule 14A.81 of the Listing Rules, the aggregate transaction amounts receivable under the Construction Services Framework Agreement for the years ending 31 December 2019, 2020 and 2021 are expected to be RMB11.5 million, RMB12.5 million and RMB13.7 million, respectively. In arriving at the Proposed Annual Caps in respect of the service fees receivable from Seedland, the Directors have considered the following factors:

- (i) the historical figures in the years 2016, 2017 and 2018, which were approximately RMB0.7 million, RMB1.5 million and RMB6.3 million respectively;
- (ii) contracts for construction services which have already been entered into between Guangzhou Weaving and Seedland; and
- (iii) the expected contract amount for construction services to be entered into between Guangzhou Weaving and Seedland for each of the three years ending 31 December 2021.

## **Pricing policy**

The service fees receivable from Seedland shall be determined based on prevailing market price with reference to prices quoted on normal commercial terms by providers of similar construction services who are Independent Third Parties.

The service fees receivable from Seedland shall be comparable to the market price of fees for similar construction services between Guangzhou Weaving and the Independent Third Parties. If no prevailing market price could be referenced at that time or it is difficult to obtain the relevant market price, the parties will determine the service fees based on the reasonable cost and reasonable profit rate of the relevant services in the previous transactions.

## **Internal control procedures**

In order to ensure that the service fee charged under the Construction Services Framework Agreement shall not be less favourable than those available to Independent Third Parties for similar quotation arrangement of similar services provided to Seedland, the Company has adopted the following measures:

- the Company will supervise the Construction Services Framework Agreement in accordance with the procedures set forth in the Company's internal control manual on continuing connected transactions. Designated personnel of the operation department of the Company will conduct regular checks to review and assess whether relevant transactions are conducted in accordance with the terms of the Construction Services Framework Agreement;

## **Reasons for and benefits of the Construction Services Framework Agreement**

Since Guangzhou Weaving is well-acquainted with the businesses of Seedland and has been providing the construction services to Seedland over the years, it is both time and cost effective from a continuity perspective for Guangzhou Weaving to continue to supply Seedland with construction services in view of business needs and administrative convenience, and at the same time this arrangement would possibly generate steady income for the Company.

The Directors are of the view that the Construction Services Framework Agreement is entered into in the ordinary and usual course of business of Guangzhou Weaving and on normal commercial terms negotiated on arm's length basis, and the Construction Services Framework Agreement and the transactions contemplated thereunder (including the Proposed Annual Caps) are fair and reasonable and in the interests of the Group and the Independent Shareholders as a whole.
